

## EL PASO COUNTY 911 DISTRICT BOARD

### Board Overview

Located in El Paso, Texas, the El Paso 911 District provides enhanced 911 services for the more than 700,000 citizens living and working in El Paso County. Created in 1987, the district has dedicated itself to deploying technology which provides our community with the critical infrastructure --equipment, connectivity, software, maintenance and support-- used by Public Safety entities to receive the 911 call and dispatch emergency responders.

The District supports El Paso's Public Safety entities county-wide by providing the phone systems that deliver the 911 call to a Public Safety Telecommunicator, a Computer Aided Dispatch system (CAD) that documents and coordinates responder's actions, network connections among various radio systems which promote interoperability, and Geographic Information System (GIS) services which provide maps to Public Safety entities for response-routing and analysis purposes.

### Duties

To Control and manage the 911 district, including adopting rules for the operation of the district and contracting with any public or private entity, including the operation of a 911 system.

### Seats
