---

**ADDENDUM 3**

**To: All Interested Proposers**

**From: Lucy Balderama, Inventory Bid Technician**

**Date: November 10, 2008**

**Subject: 08-153, BID - Automotive Batteries for the Sheriff's Office**

---

**Clarification to question on Addendum 1**

1. The forth item listed is a 65-60 for a 1998-2008 Crown Victoria, the brand requested is an Optima. Optima does not make a 65-60. I have several 65 series batteries that will work in this application. My question is do you have exact specifications that you would like it to meet?

**65-60 900 Crank Amps      Interstate or equivalent.**

Continued on next page

The Purchasing Department received questions relating to the above referenced proposal; the response to the following question:

1. Should line 6 on page 9 under the title **BIDDING CONDITIONS** be disregarded or will you resend page 4 with quantities and column for the extended pricing?

6. Bid unit price on quantity specified-extend and show total. In case of error in extension, unit prices shall govern.

**Extended price not needed. Department is asking for unit price only. They did not submit quantity because they request batteries for their vehicles as needed.**

2. Should line with the \$ sign be disregarded? (pg. 2)

**No. Place unit price on the spreadsheet given by department on page 4. Add all your totals on the spreadsheet on each unit price and place your total price on page 2 under your total in the \$ box.**

3. *On Page 1 in the last paragraph the bid states, if the bid totals more than \$100,000.00 the bidder shall furnish a certified cashier's check made payable to the order of El Paso County ect. Its also restates this on paragraph on page nine.*

What is the amount on this bid or is this a line item bid and should the paragraphs on page 1 and page 9 be disregarded?

**There is no need for a bid bond for this bid as it does not state a total and does not exceed the amount specified. The department will request batteries as needed.**
