ADDENDUM 1

To: All Interested Proposers
From: Lucy Balderama, Inventory Bid Technician
Date: February 10, 2015
Subject: Bid# 15-007, Bus and Fleet Vehicle Maintenance and Repair Services (Supplement)

This addendum has been issued to notify vendors of the following questions:

1. We can provide all services listed in Scope of Work with the exception of Air Conditioning System Checks, Vehicle Mechanical Repairs, would this exclude us from bidding on this Supplement Contract?

Response: Yes. This would exclude you from bidding on this contract, especially if you do not perform any vehicle mechanical repairs. This is a vehicle repair contract.

2. We currently do not employ ASE Mechanics at our locations, but also do not perform Vehicle Mechanical Repairs. Will this also exclude us from bidding?

Response: Yes. This would exclude you from bidding on this contract, especially if you do not perform any vehicle mechanical repairs. This is a vehicle repair contract.

3. We currently provide Car Washing Services for the County of El Paso, as approved vendor, and the same locations that would provide requested services, also have car washes. Should we be given the opportunity to fulfill this contract, will this affect our Car Washing contract from the stand point, we provide free car washes to all customers that utilize our oil/lube service, and ancillary services? How would this be handled?

Response: Yes. You can bid to offer oil change services and ancillary services on this contract. However, if your policy is to offer a free car wash to all customers that utilize your oil/lube service; then those services will also extend

to County vehicles. If a County vehicle utilizes your oil/ lube services, that vehicle would get the same free wash as any other customers for that visit.

4. Do we have the opportunity to include Interlocal Agreement addendum in the contract?

Response: NO, this contract is only for vehicles owned and operated by the County of El Paso Texas. No Interlocal Agreement Addendum is authorized.
