El Paso County Breaks Ground on Fabens Sidewalks Project to Enhance Community Safety

EL PASO, TX — El Paso County is proud to announce the commencement of the Construction Phase of the Fabens Sidewalks Project, a transformative initiative aimed at enhancing pedestrian safety and accessibility within the community. The Groundbreaking Ceremony is scheduled for April 5th at 10 a.m. at the corner of 5th street and Walker Ave.

This significant project will see the construction of a 5-foot-wide sidewalk along G Ave., Walker Ave., 5th St., Mike Maros St., and Aspen Hills St., covering a total distance of 2.72 miles.

The Fabens Sidewalks Project is a vital endeavor that will include the installation of 61 ADA ramps, striping, crosswalks, and driveways. These improvements are designed to promote pedestrian safety and foster greater accessibility for residents, local businesses, and students attending Fabens Elementary School, O'Donnell Intermediate School, Fabens High School, and Cotton Valley Early College High School. This project is in participation with the Texas Department of Transportation (TXDOT), Transportation Alternative (TA) Grant Program.

Join us as we embark on this journey to create safer and more accessible pathways for all members of the Fabens community.
