Road Closure Advisory for Pellicano

EL PASO, TX— El Paso County is issuing a traffic advisory for an upcoming road closure in the far eastside, set to impact the intersections between Pellicano Street and Aircoupe, and Pellicano Street and Darrington Road. This closure will be in effect from September 8th to September 30th, but possibly may extend into October due to crucial utility work.

Important Details of the Closure:

- **Closure Dates:** Nights of September 8 to September 30, 2024
- **Affected Area:** Intersections between Pellicano Street and Aircoupe, and Pellicano Street and Darrington Road
- **Traffic Detour:** Traffic detours will be identified along detour routes

El Paso Electric (EPEC) will be installing electrical poles and hardware to service new development within the immediate area. EPEC will be working nights from 7 p.m. – 6 a.m. from Sunday nights to Friday mornings, therefore the east bound lane closure will be in effect during this same time frame.

However, drivers should be aware that the closure may extend beyond these times if unforeseen issues or delays occur.

For the latest updates and more information, please visit El Paso County's website or follow County social media channels.
